COURSE NAME: INTERNET PROGRAMMING

COURSE CODE: CSA4308

31 TO 35 EXP

31. Ko-Matha Dairy Farm, a pioneering smart dairy operation, has launched an innovative website to enhance customer engagement and streamline its services. The website showcases the farm's commitment to high-quality products sourced from Indian A1 cow holders, known for their superior milk. Key features include a "Products" section where customers can purchase fresh milk, curd, cova-sweet, butter, and ghee, with detailed descriptions and pricing. The "Farm" section provides insights into the farm's practices, the benefits of A1 cow milk, and the technology used to ensure quality. Additional menus include "Order Online" for convenient delivery scheduling, "About Us" for farm history and values, and "Contact" for customer inquiries and support. Ko- Matha Dairy Farm's website aims to connect customers with wholesome dairy products while promoting transparency and convenience. The website should contain home page, about us, contact us and so on with following data maintenance:

OUTPUT:

32. Ram Infotech has launched a comprehensive website to cater to both laptop sales and serviceneeds. The website features a user-friendly interface for browsing and purchasing a wide range of laptops, including detailed specifications, customer reviews, and competitive pricing. Key functionalities include an "Online Store" section for selecting and buying laptops, a "Service Center" section where customers can schedule repairs, track service status, and access troubleshooting guides. The site also includes an "About Us" page detailing the company's history and mission, a "Contact" page for customer support, and a "FAQ" section addressing common queries. Ram Infotech's website aims to provide a seamless experience for both acquiring and maintaining laptops, ensuring quality service and customer satisfaction.

OUTPUT:

33. KodaikanalEats is a sleek online platform designed to simplify restaurant bookings in the picturesque town of Kodaikanal. The website features an extensive list of local dining options, including fine dining, casual eateries, and specialty restaurants. Key functionalities include a search and filter system to find restaurants based on cuisine, location, and ratings, as well as an easy-to-use booking system where users can reserve tables, select dining times, and view available slots. The site also provides detailed restaurant profiles with menus, photos, and customer reviews. Additional features include real-time booking confirmations, a "Special Offers" section for exclusive deals, and a "Contact Us" page for customer support and inquiries. KodaikanalEats aims to enhance the dining experience by providing a convenient and efficient way to explore and book restaurants in Kodaikanal.

OUTPUT:

34. LearnWell Tuition Centre has launched a dedicated website to streamline announcements and manage various aspects of its operations. The website features a central "Announcements" section where updates on class schedules, special events, and important notices are posted regularly. Key functionalities include a "Course Offerings" page detailing available subjects, schedules, and fees, and an "Online Registration" system for enrolling in classes and managing student profiles. There is also a "Maintenance Requests" section where students and parents can report issues or request assistance. The site includes an "About Us" page providing information about the centre's mission and teaching staff, and a "Contact" page for inquiries and support. LearnWell's website aims to keep the community informed and facilitate efficient management of tuition services.

OUTPUT:

35. The bus pass will differ for different types of users. In this bus pass, all the required details such as candidate's name, address, date of birth, mail id, name of the school, validity period, the amount paid (free for government school students) and photocopy of the candidate are provided. Instead of school details, working organization details will be provided in route bus pass. The renewal process can be done monthly as per user wish. Based on that renewal period amount will be deducted.
